Duration F5J rules changes

A group of interested flyers met prior to the regularly scheduled monthly SRAC meeting on Thursday, March 18. The topic was consideration of changes to the rules for the 2009 season. After considered discussion it was decided that no changes will occur for this season. Open Duration requires a 2 meter wingspan with a .049 - .061 internal combustion engine.

F5J allows any airframe with a 28mm dia X 15 mm magnet outrunner or equivalent (e.g. an e-flight 400 or Hacker 20 - 20L) and 2 cell LiPoly .

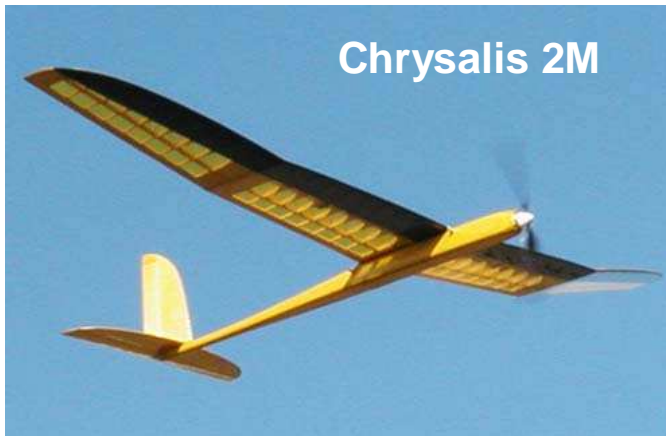

However, there will be a change of schedule for the events . The scheduled day is now the third Saturday of each month, May 16, 2009 through September 19, 2009. See web site www.sracinc.com for complete rules
