Will it fly ...

Jim Del Roy

Have you been seen at the field recently?

Thanks to the efforts of Del Campbell, field marshal, and fellow member volunteers the stove is working, the wood supply is good and the conversation is as stimulating as the flying.

...Bill prepares to launch his F?J entry... ?

Jim's fighter flew beautifully

Bring out your latest creation. You will have a ready audience of enthusiastic supporters for your building and flying skills at work. Join the fun.

Congratulations Patrick

For recognition as

Male Student of the Month at Jackson High in Everett

HENRY M. JACKSON

Patrick Woolfenden—Successful academically, Patrick stands out for his contributions to the robotics team, which received the Rooky All Star award last year. He taught peers about gear ratios and the new design for a motor on the team's first robot and will help build another one this year. Along with playing ice hockey, he enjoys building remote control cars, airplanes and Lego robots. Patrick also flies remote control airplanes and enjoys skiing. His career goal is to become an engineer.

Come out and watch Patrick fly fast and turn left in the next pylon races on January 16th. He is not only a talented student but also an exceptionally talented RC pilot.

Bright, beautiful, crisp and cold, perfect flying weather at SRAC field!

A little frost does not deter the hearty breed of SRAC fliers

Frost and cold fingers don't deter Bill and Dave from...

...a successful flight of Bill's 30+ year old 1/2A rudder and elevator only plane. It is 1/2A rudder and elevator only...
