Meet the Members

Rob Woolfenden

New member, but experienced pilot. Patrick's dad!

Patrick Woolfenden

Junior member who currently attends Jackson High School Placed third at fun fly.

OPEN RESULTS

Jerry Neupert - May 2256, June 1329, July ----, August 0000..... total = 3585 Third

Chris Christensen - May 1323, June 1454, July 894, August 0000... total = 3671 Second

Bill Renfro - May 1385, June 740, July 1093, August 1454..... total = 3932 First

Maddog May ----, June ----, July 0000, August, 1295.....total = 1295 Fourth

Note: Total = Total less your worst day score. i.e if you missed a day your worst day score is zero

Jerry, you need to beat Bill by 5 minutes and 48 seconds in September to get your lead back.

AUGUST SRAC MEETING

Meetings are informative and provide opportunity for feedback to President and Board. Lots of camaraderie among your fellow RC pilots and a chance to hear about the latest contest results.

Show and tell has something for everyone, and the raffle is always a fun event See you next month.

SRAC AT EVERGREEN STATE FAIR

Thanks to all of the SRAC members and friends who freely gave of their time to staff the booth at the Evergreen State Fair in Monroe from August 21, 2008 to September 1, 2008. The fair ran from 10:00 am to 10:00 pm daily. Seventy-seven (77) four hour shifts were filled with 1 - 3 SRAC members or non members. When not busy talking with interested fair attendees about assorted topics, giving instruction on the flight simulator or sharing information about SRAC and model airplanes there were models to build and cover.

There was a high level of camaraderie among the members staffing the booth and it was fun to chat with the ladies on either end of the SRAC booth. They were painting dolls on one end and ceramic characters were being painted by kids on the other.

The planes on display were enjoyed by all fair goers who stopped at the booth. Whether inspecting the WWI biplanes or the giant cub on floats the viewers were impressed by the builders skill and craftsmanship in the the planes. A ribbon of appreciation was presented to SRAC by Cheryl Menic, Director of the Craft Area.

A number of vets came through and shared some of their stories. Many visitors shared their experiences building stick and tissue planes that were covered with dope. Others reminisced of their many attempts at flying control line years ago.

We gave out over 250 business cards from local hobby shops, answered a lot of questions and found a large number of people who are interested in our hobby. We found quite a few members of the community who are interested in learning to fly radio control as well as some who were considering getting back into it.

Thanks again to all who helped at this year's fair booth and I trust that everyone who helped had a good time. Set aside a few hours next year to join SRAC at the Evergreen State Fair. I nearly completed my Skywalker this year. Plan to build a new model at the fair next year. You will have a lot of help.

**Chris Christensen,
SRAC Fair Booth Coordinator**

October Planning Calendar

October 2nd	O & D
October 4th	Club Breakfast
October 16th	General Meeting
October 18th	Pylon Racing Season Opener
October 26th	Combat

Have you completed your Decathlon Events? 100 days to go!!
